VÍA CÉLERE

Introduction

Célere
CALA SERENA ●
Mijas Costa

INTRODUCTION

Vía Célere is a residential developer committed with each of its clients because your satisfaction is ours. We develop quality and design products that represents in our Project the values that identify us as an innovative, consolidated, in continuous growth and in search of leadership group, as a reference for our clients, values that are settled on the pillars of our philosophy of compromise and sustainability.

Vía Célere has the pleasure of releasing Célere Cala Serena – Mijas Costa (Málaga) – located in Mijas, Málaga. A development thought for your comfort and relax, that

offers you the best standards of quality and best services at your fingertips. Furthermore, it has a privileged location next to La Cala de Mijas beach and all the services this picturesque village offers. Here you will find all necessary information to know this Project and its advantages: location, qualities and typologies.

In Célere Cala Serena you will enjoy your dream home. We hope this will be a totally satisfactory trip for you and will allow you to know better our Project, designed and conceived thinking on the people who will be living on it.

Legal Advice: Developer: MAYWOOD INVEST, S.L.U with CIF B-86873908. Project on a pre-marketing phase for the identification of potential buyers. On a construction phase with Building Licence requested to the Town Hall of Mijas, with file number 2017-01351-00. In the development of its activity, the Developer will adjust his action and contracting to what it is disposed in Law 38/1999, and the other rules that will complement it and/or substitute it. According to that, at the moment of the signature of the corresponding contract of sales the legal guarantees demandable will be given. Document done from the basic Project of the building, therefore it can suffer any changes according to technical requirements, adjusting it in any case to the final execution Project. The location of sanitaries and kitchen furniture can be modified due to technical reasons. The rest of the furniture are not included. All the information about the RD515/89 of April 21st, in the Law 13/2003, of December 17th of Consumers and Users of Andalusia, as well as the Order 218/2005, of October 11th of Information to the Consumer in the Purchase and Lease of Houses of Andalusia, is at your disposal in our office.

Homes that give you confidence

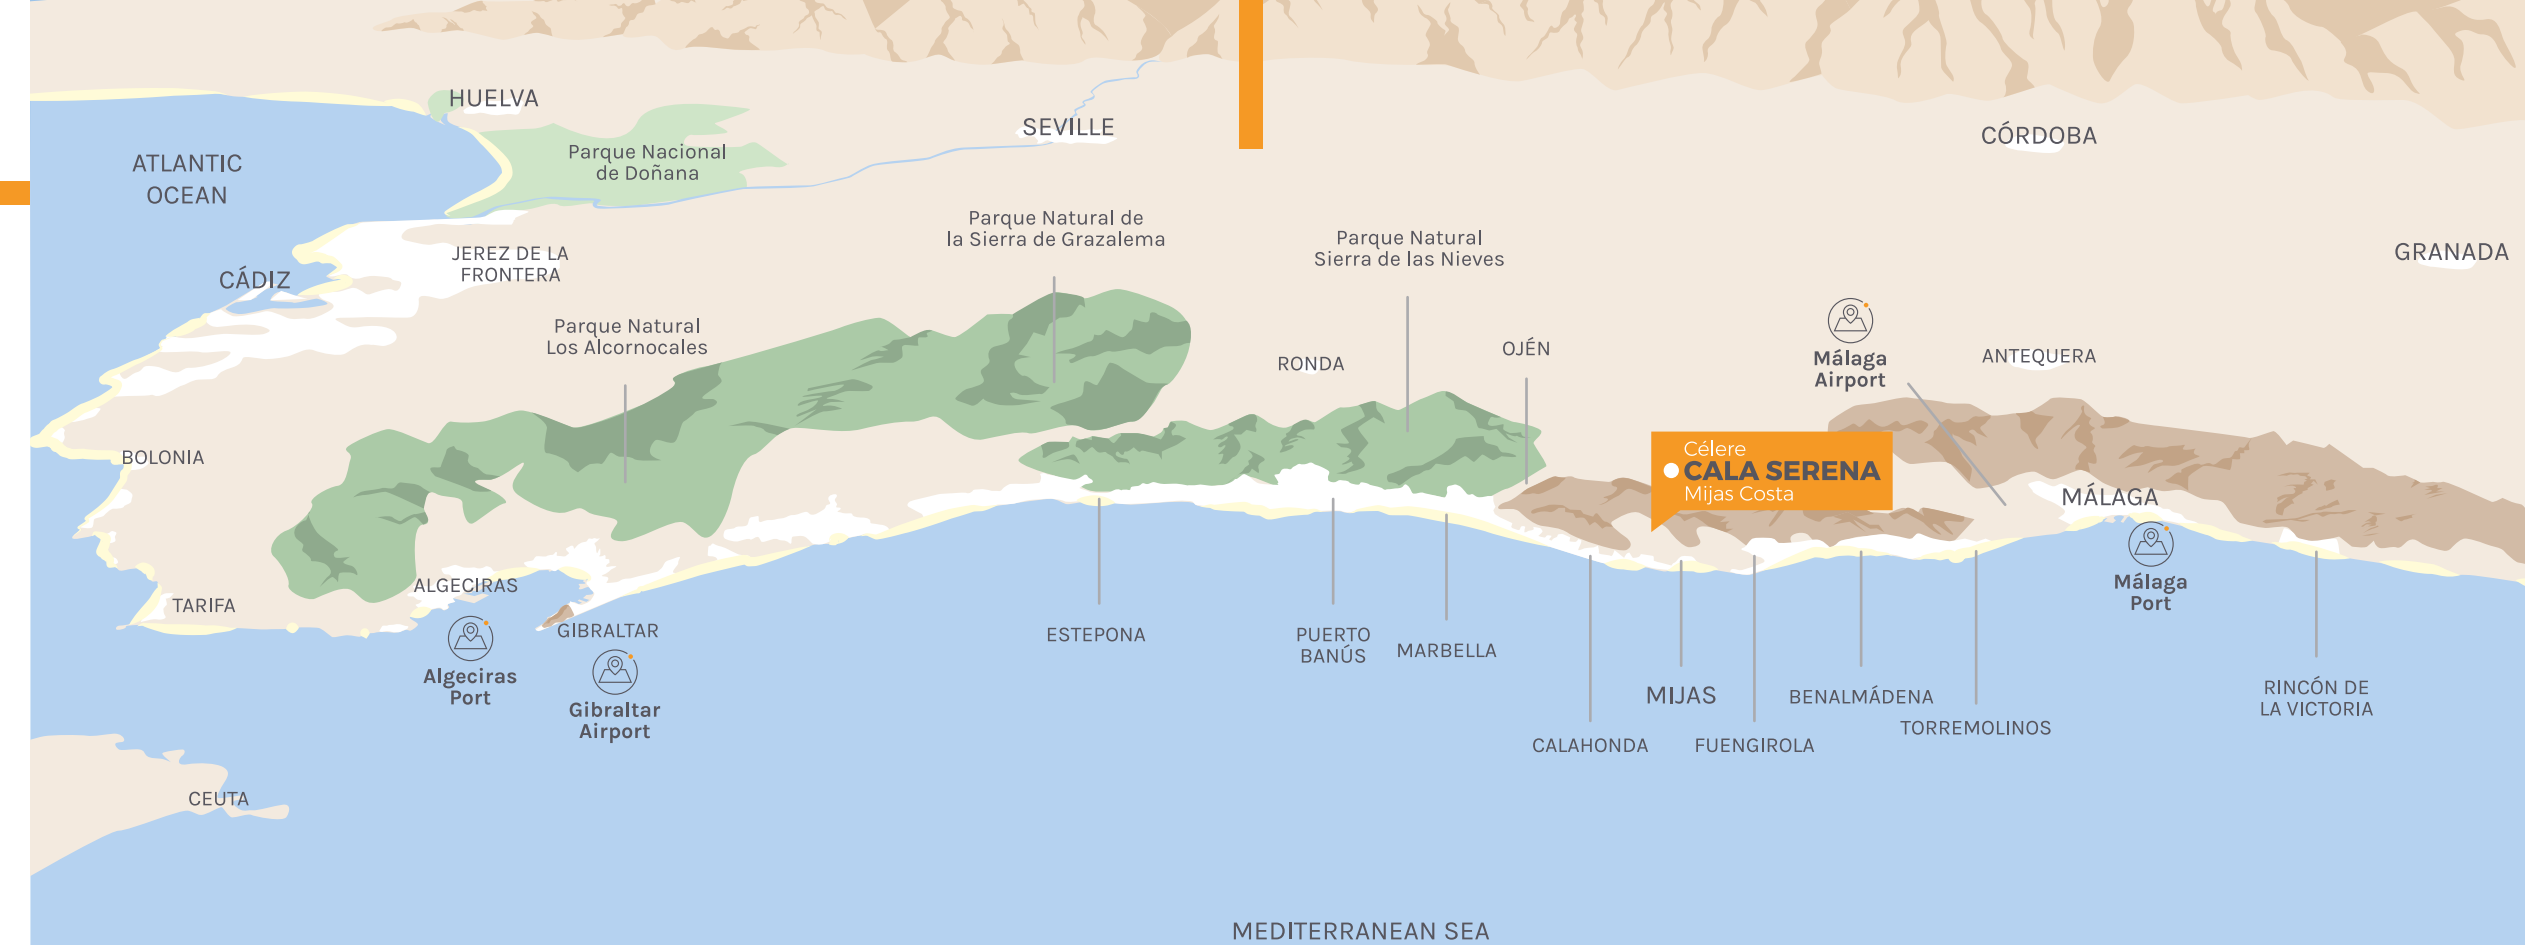

Surrounds

Célere Cala Serena, a charming place

Célere Cala Serena is located in Mijas, a village in which live together the sun and beach tourism and the residential. Its climate is very warm in Winter, with very soft minimum temperaturas. Summers are hot but moderated due to the proximity of the village to the sea. The sea floor of Mijas coast has a great biodiversity where live together a great number os european, africans, atlantic and mediterranean species.

A place with a cultural tradition

La Cala de Mijas has an historic heritage reflected in its 4 towers: Calahonda Tower, the new Tower in La Cala del Moral, the Bateria Tower in La Cala del Moral and the Calaburras Tower.

In the old town of Mijas you will find many places to visit such as remains of the Arab Wall or the Virgen de la Peña Hermitage.

Other historic places of significance are the Molino de Harina (Flour Mill), the Historic - Ethnologic Museum or the Contemporary Art Centre.

Gastronomy

It is very delicious and varied. Its location allows you to taste all type of fresh fish and seafood. Also, you can enjoy restaurants of renowned prestige with dishes that are made with the high quality products of the area.

Ourdoor activities in an idyllic environment

The Costa del Sol has 11 marinas known worldwide as Puerto Banús in Marbella, Puerto Marina in Benalmádena and the marina in Fuengirola. In Célere Cala Serena you can practice sports such as golf in the golf courses Calanova Golf or Santana Golf, enjoy long walks on the beach, fishing in its crystal water and enjoy unforgettable moments in an idyllic environment.

You can drive to the commercial area of La Cañada or Centro Comercial Miramar in less than 10 minutes and to the beaches of Cabo Pino or Playamarina in less than 5 minutes. However, one of the charms of this unique location is the proximity of all types of services that covers all your needs and wishes at walking distance.

Project

PROJECT

Célere Cala Serena is an unique complex of apartments and penthouses thought to enjoy and to feel the day to day of a privileged environment, opened spaces with great possibilities of light for the entertainment of the family and enjoyment outside with the highest comfort within each home.

We have taken care of every detail in the rooms in a nice balance with the energetics efficiency and the sustainability. The residential complex will consist on 93 properties from 2 to 4 bedrooms with wide terraces, parking space and storage room. Many of these apartments will enjoy sea views.

The common areas are compounded of big garden surfaces, social lounge, gym, spa area, swimming pool and spaces for events and barbecues.

Vanguard, quality and a special care with the space and light are aspects that make Cala Serena an extraordinary development in the province of Malaga.

Homes that
build your future

COMMON AREAS

The common areas are, without any doubt, a repertory of great advantages that will make your life much easier.

SPA

There is no better way to relax than visiting the spa located in the development.

SWIMMING POOLS

The possibility of enjoy and to cool down in the hot months, and only a few metres from the house, is other important point from Cala Serena. From curved lines, thought and designed for the family entertainment and surrounded by gardens, it has on the same surface an area for children and adults and a jacuzzi. A space for relax that does not overlook any detail.

Via Célere builds areas that are adjusted to your needs, we create buildings of low consumption, highly isolated. Houses with the latest technology developed for the daily use on a comfortable way.

Homes that
breathe technology

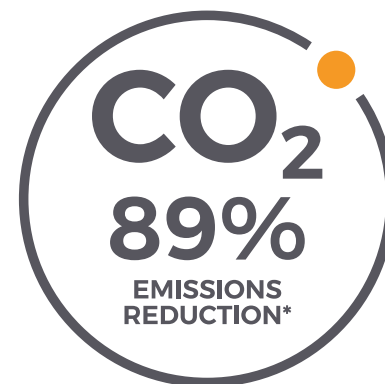

“A” ENERGY RATING

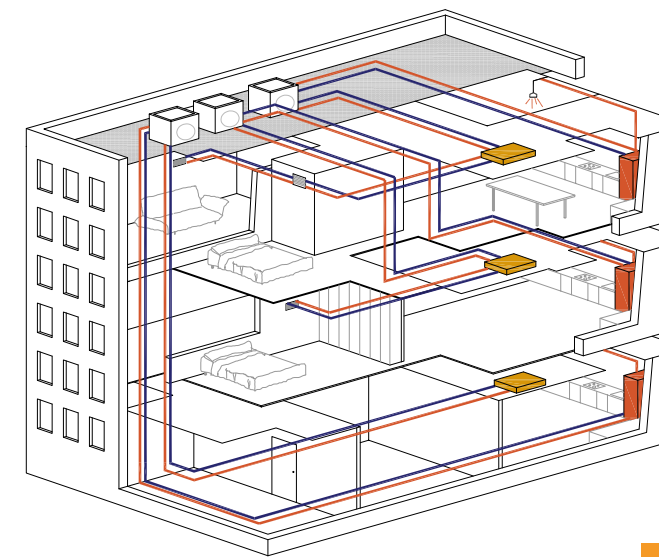

This rating causes an estimated energetic saving of 89% and therefore an economic saving compare to a house with F energy rating.

The building has A energy rating which is a reduction on CO₂ emissions and a significant reduction on the energetic demand of the building (heating, cooling system, and sanitary hot water). The estimated saving, adding the energetic expense of gas and anual electricity, could be up to 780 euros.

Aerothermal energy for heating, cooling and sanitary hot water

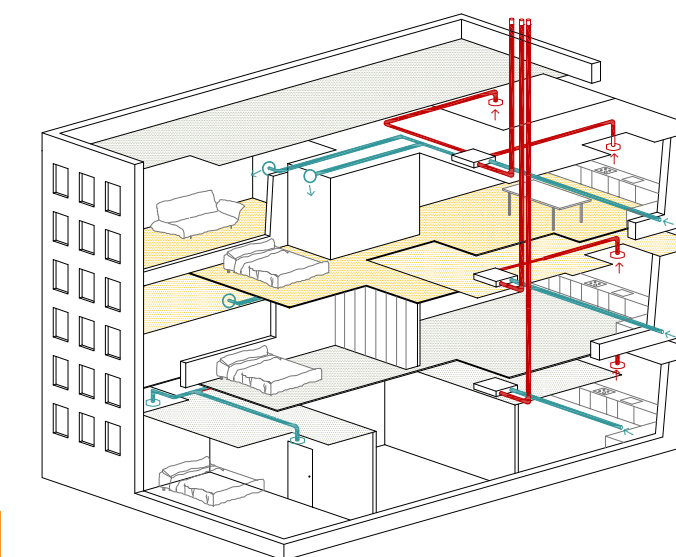

The properties have an aerothermal heat pump system of individual production to cover the heating, cooling and sanitary hot water system demand.

- It is a clean and renewable energy that produces a 25% less of CO₂ emissions than a system fed by natural gas and a 50% less than a system feed by diesel.
- They have a high efficiency as they get up to 75% of its energy from the air and only a 25% from the electricity.
- Achievement of economic savings on the energetic invoice if compare with conventional systems (gas, electricity).
- Achievement of economic savings as it does not have gas supply.
- Reduction of the maintenance costs as it has only one equipment for the production of heating, cooling and sanitary hot water.

Ventilation of the dual flow properties with heat recovery

Controlled ventilation of the property, being not necessary the opening of windows for such ventilation.

- Continuous ventilation of the property through the extraction directed from baths and kitchen and impulsion directed from bedrooms and living room.
- Recovery of the heat from the extraction air.
- Introduction of the exterior air preheated and filtered in winter time and free-cooling in summer.
- Improvement of the acoustic isolation of the property as it is not necessary to keep the window open for a proper ventilation.
- Avoid the accumulation of odours and toxic gases as well as the appearance of mould and condensation inside the property.
- Avoid the appearance of uncomfortable streams of air inside the property.

*Estimated calculation of energetic saving of a 95 m² property with A qualification if compare with a property with F qualification according to the "Qualification of the energetic efficiency of the buildings" published by the IDEA and the Ministry of Industry, Energy and Tourism in July 2015 and other rules that complements it and/or substitute it. **Minimum saving guaranteed on sanitary hot water consumption in all the buildings, according to its location and the minimum value of occupation as per the existing rule applicable.

BENEFITS

INTERIOR DESIGN

Vía Célere has at your disposal an interior designer to make from your home the space of your life, that philosophy where owner and home acquire only one meaning. Without any additional cost for you we offer professional and specialized advice of a designer that will help you to give expression to your ideas in every corner of your new house, creating spaces according to your likes and needs.

Thanks to this service you can ask our designer who will provide you with his advice and experience according to the latest trends.

If you have any doubts about which layout suits better in your property, about the combination of the furniture, about the use of painted paper or about the chromatic range that will combine better according to the style of your home, we can help you to solve them with our consultant service.

A unique service that we offer you through the studio Vg Living headed by Virginia Gasch.

CÉLERE SOLUTIONS

In Vía Célere we think that a house is nothing if it cannot be converted into your home: a warm space, unique and exclusive that talks about you in all its details.

We also think you have to enjoy it without problems, knowing that you can have the best professionals when taking decisions. For that reason we have created for our clients an exclusive space, with the aim of making life for you easier.

We present you Célere Solutions, the revolution in services related to the house. A world of advantages, services and an attractive discount club for you, your family and your house, that will help you everyday.

CONSULTIVE SELLING

In Vía Célere we bet for the quality and for the continuous compromise with our clients, and for that reason we offer you the Customer Service Department.

Our professional team will help you out to solve all the doubts you can have from the very first moment, for example the contract of the supplies or the use and maintenance of the different elements in your home, etc.

Furthermore, we will go with you on the first visit before the execution by deed of your property so that you can see our compromise with the quality, not only with the finished, but also with the materials and services offered and we will give you an answer on the possible effect that could arise in your property studying each case and offering the solution with the minimum possible disturbances.

All in all, we think that the satisfaction of the client is a priority and so we offer our services, we want you to make the change to your new home Vía Célere much easier and comfortable.

In Vía Célere we believe that social responsibility should play a priority role in the real estate sector, and be the tool that channels commitment in the sector for transparency, excellence and sustainability.

We understand that social responsibility is an integrated strategy within our company, that allows us to become an engine for change and generate valour for all our interest groups and society in general.

We rely on our commitment to innovation to promote a more sustainable construction, involve ourselves in those social priorities related to building and serve as an ethical model with good governance within the sector.

Our activities are oriented towards the advancement of achieving Sustainable Development Goals, for this, we collaborate with other entities promoting projects and initiatives that respond to current social issues and expectations for future generations.

Vía Célere is a real estate company specialising in development, investment and management of residential assets. Thanks to its innovative business model and team of professionals, Vía Célere is today one of the reference companies in the new environment and real estate cycle.

Since its founding in 2007, Vía Célere has already delivered more than 2,300 homes, demonstrating a solid experience in start-ups, development and delivery of high quality residential developments throughout the whole of Spain.

The company is committed to innovation and sustainability as the fundamental pillars of their projects, at the same time shows a permanent commitment to satisfaction for its clients, hareholders and the professional development of nearly 200 employees.
